

Video Self-Observation Reflection

Directions: This form is to be used after video-self-observation for one Marzano Model element. Fill out the form based on what is observed for each section.

Element Name:

What does the correct use of this strategy look like:

What is the Desired Effect on Students:

Teacher Evidence (What evidence of my use of the strategy do I see?)

☐
☐
☐

Student Evidence (What are my students doing in response to the strategy I am using?)

☐
☐
☐

Scale

Innovating	Applying	Developing
How did I adapt this strategy to help reach students for whom the original strategy was not achieving the desired effect?	How am I monitoring students for the desired effect?	Did I correctly use this strategy?
What percent of my students are demonstrating the desired effect (91% or more is needed for Innovating)?	What percent of my students are demonstrating the desired effect (51% or more is needed for Applying)?	What percent of my students are demonstrating the desired effect (0-50% or more is Developing)?
